

Dear Ministerial Council and Leadership Team,

Grace and peace to you.

As we look ahead, I want to clearly and prayerfully communicate the focus God is setting before Freedom Life Church for the coming season. This message is intended to provide clarity, alignment, and shared understanding for those entrusted with leadership in this house.

The primary focus of 2026 will be our building campaign.

This season will require unity, generosity, and sustained attention as we steward the resources, faith, and responsibility necessary to establish a facility that serves the long-term mission of the church.

This focus does not replace our spiritual vision, it supports it.

We are not building simply to expand space, but to establish **Kingdom infrastructure**: a house for *formation, family, and frontier*. A place that equips disciples, strengthens community, and functions as a sending center for the work of the Kingdom.

At the same time, this season will involve **intentional leadership development and structural refinement**.

As part of our commitment to sustainability and spiritual health, we will be **implementing defined leadership terms** over time. These terms are not about limitation or hierarchy, but about:

- Healthy rhythms of leadership and rest
- Clear stewardship and accountability
- Long-term vitality for leaders and ministries
- Creating space for multiplication rather than burnout

These changes will be introduced **gradually**, communicated clearly, and implemented prayerfully. This vision is not confined to one year; it is for **2026 and the years ahead**, and we are committed to moving at **the pace of God**, not under pressure or urgency.

Our theological center remains firm:

Christ is the Builder of the Church.

We are stewards of what He is establishing.

Scripture reminds us that the Church is *"built on the foundation of the apostles and prophets, with Christ Jesus Himself as the chief cornerstone."* This apostolic and prophetic pattern, expressed through the fivefold gifts will continue to inform how we think about leadership, formation, and mission.

As leaders, here is what we will be holding together in this season:

- **A clear, unified focus on the building campaign throughout 2026**
- **A commitment to generosity as Kingdom partnership**
- **The implementation of leadership terms for health, sustainability, and longevity**
- **Ongoing formation shaped by fivefold ministry**
- **A leadership culture rooted in spiritual fathering and mothering**
- **Patience and trust as change unfolds over time**

Please hear this clearly:

Not everything will change at once.

Not every adjustment will be immediate.

But every step will be intentional, biblical, and communicated.

Our priority in this season is to build wisely, lead faithfully, and steward well what God has entrusted to us, so that what is established will serve not just this generation, but those to come.

Thank you for your leadership, your faithfulness, and your willingness to walk together in unity.

I am grateful for each of you and confident that as we build according to God's design, He will establish the work of our hands.

With gratitude and expectation,

Pastor Ro
